## Product Description

---

The ViewSonic® NMP309-W network media player delivers reliable and stunning 1080p multimedia playback for large format displays and digital signage solutions. With built-in wireless and RJ45 connectivity, along with bundled Signage Manager software, the NMP309-W allows customized multimedia content to be easily produced, scheduled, and loaded to displays from PCs or notebooks. Integrated 8GB on-board memory, as well as dual USB and micro SD card slots, provide direct playback of high-definition content. The NMP309-W also supports the latest HTML5 and SMIL standards, delivering dynamic and informative messaging. In the case of a power outage, an embedded auto reboot and play function automatically reboots pre-loaded content when power resumes, thus ensuring continuous playback without user intervention. The NMP309-W provides a reliable messaging solution for retail, hospitality, point-of-sale advertising, and education environments.
