

ViewSonic® Monitors Designed for Surface

DESKTOP DISPLAYS FOR HOME AND OFFICE

Optimized for Microsoft USB-C Surface Products

Connect to your Microsoft Surface on a deeper level and upgrade your workspace with a ViewSonic® VG245, VG275 or VP275-4K monitor.

Chosen as part of the Microsoft Designed for Surface (DfS) Program, these are the first DfS-certified monitors and work seamlessly with any USB-C Surface product.

All three of these monitors include USB-C connectivity for charging power, video and audio over a single cable, and will charge Surface devices without the need for an additional power cable. In addition to USB-C, flexible connectivity options include HDMI, DisplayPort, and a USB hub. Ergonomic designs provide comfort, and eco-friendly packaging shows our commitment to the environment. Elevate your Surface experience with these versatile monitors.

24" VG245, AND 27" VG275 FULL HD MONITORS

- USB-C connectivity delivers fast data, audio, video, and 60W charging over one cable
- Advanced ergonomics include 40-degree tilt, swivel, pivot and height adjustment
- Premium IPS panel with thin bezels delivers an enhanced viewing experience

27" VP275-4K ULTRA HD MONITOR

- 100% sRGB color gamut with 4K resolution is ideal for graphic artists, photographers and other creatives
- Pantone Validation delivers accurate colors for reliable images from screen to print
- USB-C connectivity delivers fast data, audio, video, and 60W charging over one cable
- Advanced ergonomics include 40-degree tilt, swivel, pivot and height adjustment
