

NMP642-W-S

Key Features

- Slim, compact industrial design
 - Dual-Core Intel Celeron Processor with 32GB Storage
 - Simplified Content Creation
-

Product Description

Deliver targeted messaging with ease and reliability! With the ViewSonic® NMP642-W network media player and DisplayIt!Xpress software, you can be confident that your impactful content reaches your audience thanks to an embedded auto reboot and play feature. Even in the event of a power outage, the NMP642-W will automatically reboot and play pre-loaded content once power is restored—ensuring continued playback without missing a beat! With DisplayIt!Xpress software, you can easily manage a signage network of any size from a single PC. Use PowerPoint or other familiar office applications to create new content, then simply drag and drop media files to build playlists within seconds. Update content with a single click over wired or wireless networks, shared folders, cloud storage or USB drive. Scheduling options for each playlist item ensures the right message at the right time. Add eye-catching widgets that include date, time, weather and scrolling text with RSS support. Creating, uploading and managing content just became as easy as 1-2-3.

Specifications

More Information	
UPC	766907911510
Media Player Type	Media Player
