

# VPC100

19" (18.5" VIEWABLE )  
ALL-IN-ONE PC

## Full-function PC in a slim design

The ViewSonic® VPC100 All-in-One PC features a stylish design that looks good and works great on any desktop. The 19" (18.5" viewable) LCD display with built-in Intel® Atom 1.6GHz processor with Microsoft® Windows® XP Home gives you all the computing power you need. This compact, but versatile PC can operate independently, hardwired into a LAN network or work wirelessly in any 802.11b/g WiFi network. Easily transfer and share files, photos and more through the 4 USB 2.0 ports or the 4-in-1 card reader. It's the smart solution for call centers, libraries, school computer labs, home desktops and anywhere else space is at a premium.

### The solution for a smart desktop

- > **18.5" display with 1366 x 768 resolution**  
View documents, surf the Internet or watch DVDs in crisp detail on this high resolution 18.5" wide screen.
- > **Powerful Intel Atom processor**  
The Intel Atom 1.6GHz processor with 1GB of memory provides plenty of power for desktop computing.
- > **Versatile connectivity**  
Four high-speed USB 2.0 ports provide easy connections for peripherals, while the 4-in-1 card reader allows for easy file transfers.
- > **Built-in DVD burner**  
Easily backup your photos, media and other files with the built-in DVD R/W burner.
- > **Wired and wireless networking**  
RJ-45 network control enables Gigabit Ethernet LAN connection. 802.11b/g WiFi gives you the freedom of locating your VPC100 anywhere in your office or home yet having full access to the Internet.
- > **Multimedia enhanced**  
Integrated microphone and 1.3 megapixel webcam make it easy to video conference and the integrated 2x3-watt speakers complement video conferencing and Internet browsing.
- > **Quiet and cool**  
The green energy-saving design makes VPC100 quieter than a notebook and offers the smallest heat dissipation among desktops.
