

WPG-360

WIRELESS PRESENTATION GATEWAY

Set Your Presentations Free

ViewSonic's new WPG-360 Wireless Presentation Gateway lets you wirelessly connect to any projector or display with an available VGA output. Provides for data and video streaming up to 1024x768, with full 802.11b/g/n high speed wireless support. Support for up to four presenters with Quad split screen or broadcast to multiple devices simultaneously. Features WPS (WiFi protected setup) for easy access.

- > WiFi protection setup (WPS) for secure configuration
- > Supports resolutions up to 1024x768 and full-motion video up to 720p
- > Presentation remote for total conference control
- > Equipped with VGA pass-through for an extra display

Easy to use:

1. Plug the WPG-360 gateway into the projector or your display
2. Wirelessly connect to the gateway
3. Present your content
