

PJ658

LIGHT, BRIGHT AND PORTABLE PROJECTOR

WITH KEYSTONE CORRECTION

High brightness and portability.

The ViewSonic® PJ658 XGA projector is highly portable at 6.6 pounds with amazing 2,500 lumens for powerful presentations in any lighting environment. With multiple inputs, you can connect multiple display sources to the PJ658 for dynamic multimedia presentations. Advanced image processing, digital keystone correction and manual zoom and focus ensure that your images are crisp, clear and sharp. The security bar and Kensington® security lock port give you the peace of mind that your projector is secure. The PJ658 features a sliding cover that allows for easy access to the projector's filter and lamp, especially in installed units. The PJ658 is loaded with features in a portable form factor that won't weigh you down.

DELIVER VIBRANT PRESENTATIONS

> **Bright in virtually any setting with 2,500 lumens**

Packs 2,500 lumens in just 6.6 lbs. It's the bright choice for mobile presenters.

> **Ultimate video source flexibility**

Connect two computers or add a video source for dynamic meetings and presentations. The monitor output allows you to view the projected image on another display.

> **Supports HD signals including 720p and 1080i**

Capable of displaying HDTV signals as well as other video and data sources*.

> **Whisper mode extends lamp life**

Extend the life of your lamp up to 3,000 hours** and reduce noise output.

> **Easy set up and maintenance**

Auto vertical correction automatically squares the image for quick set up. Lamp replacement is easily replaced from the top of the unit when mounted and the sliding air filter cover makes maintenance a breeze.

> **Enhanced security features**

Kensington® security port and security bar provide theft deterrence. PIN code feature prevents unauthorized use.

> **The best warranty in the business**

Covered by a three-year parts and labor limited warranty, first-year Express Exchange® and one-year limited lamp warranty.***
