

VX2410mh-LED

23.6" Full HD Multimedia Display

Large Screen Display for Home Entertainment

Overview

The ViewSonic VX2410mh-LED is a 24" (23.6" visible) large screen Full HD LED display ideal for home entertainment. With 1920x1080p resolution, a 20,000,000:1 MEGA Dynamic Contrast Ratio, and a 5ms response time, the VX2410mh-LED delivers excellent high-definition color performance for movies, games, and other applications. As a complete multimedia package, the display also includes a pair of integrated speakers, HDMI, VGA and DVI inputs provide flexible and convenient connectivity. The VX2410mh-LED is an eco-friendly, energy-saving device with built-in Eco-mode. In addition, the monitor is VESA-mount compliant and accommodates Kensington security locks, providing a flexible and secure solution for home.

Features

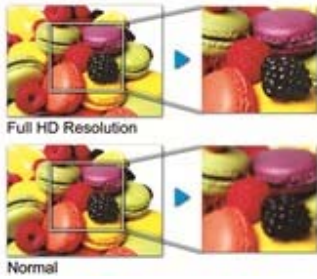

Full HD 1080p for Superior Pixel Performance

Experience the most amazing clarity and detail whether working, gaming or enjoying the latest multimedia entertainment. The VX2410mh-LED features full HD 1920x1080p resolution to ensure excellent pixel-by-pixel image

performance. A 20,000,000:1 MEGA Dynamic Contrast Ratio guarantees accurate image reproduction with rich, vibrant visual effects to meet the requirements of high-definition office, graphic design, video production, gaming and video applications.

Integrated speakers for multimedia content

The VX2410mh-LED monitor has two integrated speakers that provide crystal-clear stereo sound for an enhanced viewing experience with multimedia entertainment including movies, games and music.

Mega Dynamic Contrast Ratio for sharp, crisp images

A superior dynamic contrast ratio of 20,000,000:1 better defines the differentiating relationship between the darkest and brightest colors when reproducing an image, ensuring all displayed images are rich and detailed. When combined with an extremely fast 5ms response time, every motion is naturally and accurately reproduced without any blurs.

Mercury-free LED backlight and energy-saving Eco-mode

ViewSonic's proprietary Eco-mode function gives you the choice to optimize (85%) or conserve (65%) energy, reducing display brightness and conserving energy by up to 30%. Especially in low ambient light, Eco-mode adjusts brightness and improves visibility while reducing eye fatigue and prolonging the display's lamp life.

HDMI and DisplayPort inputs for multimedia devices

The VX2410mh-LED is equipped with HDMI and DisplayPort inputs that let you connect to a wide range of high-definition digital devices, including PS3/ Xbox360 and Blu-Ray DVD players. Furthermore, the included VGA and DVI inputs provide flexible connectivity with PCs and notebooks.
